2011 TEM CEE

TEM[®]

Ülkemiz her geçen gün sanayi ürünleri imalatında aşamalar kaydetmektedir. Kalite ve emniyetin çok önemli olduğu elektrik sektöründe çağımız için uygun malzemelerin üretilmesi gereklidir.

Bu görüş ve amaçla organize olan **TEM TEKNİK ELEKTRİK MALZEMELERİ SAN. ve TİC. A.Ş.**, 1991 yılında sanayi tipi fiş, priz ve bağlantı kutularını üretmek amacıyla kurulmuştur.

Kuruluşumuzdan bugüne kadar aynı amaçla çalışmalarımızı sürdürmekteyiz. Tecrübemiz, yeni ürün geliştirme kapasitemiz ve pazarın ihtiyaçlarını takip edebilme dikkatimizle birlikte, TEM'i sektörün liderleri arasında taşımıştır.

Sanayide kullanılan CEE NORM fiş ve prizleri, çeşitli ülke standartlarına yönelik uygun tasarlanan monofaze prizleri, kauçuk fiş ve prizleri, müşteri talebine göre hazırlanan kombinasyon kutuları, plastik dağıtım panoları, etanj özellikte termoplastik kutular, modüler yapıda Alüminyum gövdeli grup prizleri, kablo makaraları imalatı mevcut ürün yelpazemizi oluşturmaktadır.

Her geçen sene bir dünya markası olma yolunda emin adımlarla ilerleyen TEM markasının bugün dünyanın pek çok yerinde bulunması mümkündür. Bunun için müşteri isteklerini global bir perspektifte inceleyip, çeşitli standartlara uygun çözümler sunmaktayız.

Yapılan işin insan hayatındaki yer ve öneminin bilincinde, kalitemizi ve güvenilirliğimizi koruyarak ürün çeşidini arttırmayı hedeflemekteyiz. AR&GE departmanımız çalışmalarını bu vizyonla yenilemektedir. Kalite kontrol çalışmalarını da önem vererek kaliteyi sürekli arttırmak ve müşteri isteklerine en üst seviyede cevap vermek temel hedefimizdir. Bu doğrultuda sertifikalı çalışmalarımız, bize olan güvenin garantisidir. Ürünlerimizin güvenilirliği yanısıra, TEM firmasının sağladığı yapısal sertifikalandırılmıştır: Uluslararası kalite yönetim sistemimiz EN ISO 9001:2008.

Uygun fiyatlı, isteye cevap veren, tam zamanında elinizde olan ürünlerimizle ve bitmeyen garantimizle biz sizin yanınızdayız.

Saygılarımızla...

Turkey has steadily been developing its capacity to produce good quality industrial goods. The electricity sector, where quality and safety have been the determining assets, requires production of up-to-date material to meet the needs of our contemporary lives.

With this vision, **TEM Technical Electrical Materials Industry and Trade Inc.** was established in 1991 to produce plugs & sockets and junction boxes.

We still pursue our operations to realize with the same targets. Our experience has placed TEM as one of the leaders of the market with our capacity to develop new products and our attention on following the growing market necessities.

Our range of products includes CEE NORM plugs and sockets, single phase plugs and sockets designed according to different standards, rubber plugs and sockets, combination boxes available on request, sealed thermoplastic junction boxes, plastic distribution boards, modular aluminum multi-sockets, cable pulleys etc.

TEM, becoming a global brand, is now available in several countries. For this purpose, we are offering you solutions, in conformity with diverse standards, by examining customer requirements with a global perspective.

Fully aware of the significance of our job in the comfort and safety of people, we are determined to extend our range and to improve the quality and safety of our products. Our Research and Development department renews their work with this vision.

Our main target is to continuously improve our quality by attaching importance to our quality control operations and to respond efficiently to customer requirements. In this direction, our certificate operations are proof of the trust in us. Besides the trust in our products, the solid structure of TEM Company is also certified: EN ISO 9001: 2008.

We are your reliable partner in providing you with specially tailored products to be delivered in time with competitive prices and with our company's guarantee.

Sincerely yours...
