Product name : **DS2P Ultrasonic Cleaner**

Item : **GS-DS2P series**

### Features:

- 1- Stamping tank without welding gap for better waterproof.
- 2- SUS stainless steel lid, basket and housing.
- 3- Drain pipe on side for easy draining and cleaning.
- 4- Ceramic heaters for better heating effect.
- 5- Digital temperature controller: 0-80 degree.

- 6- Digital ultrasonic timer:1-99 mins adjustable.
- 7- Tank and other metal parts are grounded(ESD-safe)
- 8- Side handles for easy handing.

- Dual frequencies:28&40kHz
- Degas mode to get the cleaning started faster
- Modes to ensure cleaning effect

### Benifits of ultrasonic cleaning:

- Fast - short cycle times
- Powerful - cleans even the hardest impurities effectively
- Pervasive - cleans all surfaces where the liquid has contact,also complex structures with holes and channels
- Precise - removes even the smallest particles down to micron grade
- Versatile - works well with a wide range of different chemicals
- Environmentally friendly - a water-based and energy efficient process

### Applications:

- Optical and glass industry
- Electronic industry
- Chemical
- Galvanic industry
- Fine mechanical industry
- Automobile industry
- Metal industry
- Power stations (Engine components)
