

Additional

Brand	Avantor
-------	---------

Carbon load	3.0%
-------------	------

Column description	Vydac TP
--------------------	----------

Package specification	C4 (RP4, Butyl)
-----------------------	-----------------

Endcapping	yes
------------	-----

Inner diameter	4.6 mm
----------------	--------

mode	Reversed Phase (RP)
------	---------------------

Particle Size	5,0 μm
---------------	-------------------

Pore size	300 Å
-----------	-------

USP number	L26
------------	-----

Length	250 mm
