## The right pipette tip for your Transferpette<sup>®</sup>S

BRAND pipette tips and filter tips fit perfectly on the Transferpette® *S* and many other pipettes. The tips are manufactured from high-quality materials in a state-of-the-art cleanroom in Germany.

All racked tips and filter tips up to 1000  $\mu$ l are free from DNA (<40 fg), RNase (<8.6 fg), endotoxins (<1 pg) and ATP (<1 fg) and ensure contamination-free work.

BRAND offers a full tip system for any application requirement. In addition, tips from many other manufacturers can be used with the Transferpette® S. More detailed information is available on request.
