Specifications - Volumetric KF Titrator EVA V3

Technique	Upol DC, amperometric
Application Type	Karl Fischer (Volumetric)
Measurement Type	Karl Fischer (Volumetric)
Generator Cell	N/A
Data Management	LabX software Network export Printer Support 21 CFR Part 11, data integrity USB export
User rights management	Fully configurable
Data Transfer	Automatic sample weight transfer SmartChemicals Transfer data with barcode reader
Burette Dispensing Resolution	120,000 steps
